TS-4XT IRONCLAD®

4 Tesla Degausser with Integrated Auditing System

Proof of erasure image

IRONCLAD Features and Benefits

- · Verifies up to 60 pieces of degaussed media per hour
- Tracks and stores media serial numbers, user ID, witness ID, and date in a password-protected system
- Provides proof media was degaussed by capturing a JPG image of the hard drive immediately after degaussing
- · Numerically records gauss field strength
- Informs operator and records the erasure results immediately after each cycle with green "PASS" or red "FAIL"
- When used with the PD-5 hard drive and solid-state destroyer, records and documents the crush depth of the PD-5
- Generates certificates of erasure and destruction with images of the media
- Generates exportable JPG images and destruction results for audit and archival purposes in PDF, CSV, and Excel file formats
- IRONCLAD export options: flash, ethernet, or optional optical media burner
- Operates in 2 modes: "Verification Mode" with prompts for new operators, and "Processing Mode" for faster processing

Safety Certifications

Garner's products are independently tested to stringent worldwide safety standards. Our resulting certifications and listings identify Garner products as safe to operate in data centers, hospitals, offices, and other sensitive environments around the world.

Garner's products are: ETL Listed • UL, IEC, CSA, CE, KC and RCM certified • FCC compliant.

Package Includes

TS-4XT hard drive and tape degausser

- » Completely erases all data in ~30 seconds
- » Minimum erasure field strength of 30,000 gauss and peaking at 40,000+ gauss (4 tesla)

Garner's exclusive IRONCLAD Erasure and Destruction Verification Report System

- » Image capture system
- » Touchscreen control head
- » Report generating software
- » Scanner for recording media serial numbers

Secure and Compliant

The TS-4XT IRONCLAD exceeds the most stringent government and industry standards, including:

- NSA/CSS/DoD Top Secret
- CCPA (California Consumer Privacy Act)
- GDPR (General Data Protection Regulation)
- GLBA (Gramm-Leach-Bliley Act)
- HIPAA (Health Information Portability and Accountability Act)
- IRS 1075
- NIST SP 800-88r1
- PCI DSS 3.2 (Payment Card Industry Data Security Standard)
- PIPEDA (Personal Information Protection and Electronic Documents Act)

Interfaces:

- 1. Ethernet
- 2.4 USB (to connect with: TS-4XT, bar-code scanner, thumb drive, or optional mouse and keyboard)
- 3. HDMI
- 4. Power (connects to standard wall outlet)

Recommended Options:

CASE-TS4XTIC transport case
