Enclosed Destruction Cart

IRONCLAD®
Erasure Verification System

TS-4XT **TS-1XT**
40,000 gauss or NSA Listed
degausser degausser

Ergonomic handle

PD-5
NSA Listed hard
drive destroyer

SSD-1
Patented solid-
state destroyer

Industrial grade
flat-free tires

Optional locking door

Enclosed Destruction Cart

Maintain chain-of-custody with in-house mobile destruction. Accurately track, document, and preserve destruction records for archival and audit purposes. Simply roll the cart to the media, plug in and destroy.

Garner has the only NSA Listed degausser and destroyer with IRONCLAD, an integrated auditing system that automatically generates an image and destruction report of each piece of media. IRONCLAD documents both the degaussing data from the degausser and the physical destroyer. To meet the demands of the most secure environments, our system has no WiFi/Bluetooth.

EDC Package Features

- TS-1XT NSA Listed hard drive and tape degausser or TS-4XT 40,000 gauss hard drive and tape degausser
- PD-5 NSA Listed hard drive destroyer
- SSD-1 patented solid-state destroyer
- IRONCLAD Erasure Verification System
- Industrial grade flat-free tires with brakes for effortless movement through doors, hallways, and across uneven surfaces

Ensure No Data Is Left Behind

- Maintain chain-of-custody by rolling the data destruction cart to the media.
- Erase hard drives and tape to NSA standards with the TS-1XT or TS-4XT degausser.
- Physically destroy hard drives to NSA standards with the PD-5 hard drive destroyer.
- Physically destroy solid-state media with the SSD-1 solid-state destroyer.
- Track, document, and generate an IRONCLAD certificate of erasure and destruction with JPG images of the media to withstand scrutiny of security audits.

Garner's Enclosed Destruction Cart (CART-EDC)
can be customized to fit your unique data destruction needs.

IRONCLAD® Verification

IRONCLAD captures a JPG image of the degaussed media and automatically generates a certificate of erasure and destruction, including the crush depth of the PD-5 physical destroyer.

CERTIFICATE OF ERASURE & DESTRUCTION

Serial No.:	9RW6ZAW3
Incident No.:	01
Date/Time:	2019-11-20 18:43:48
Degaussed:	22820 G (PASS)
Destroyed:	PD-5: 26 mm SSD: No
User ID:	1123
Witness ID:	N/A
JPG File:	20191120-184158_9RW6ZAW3.jpg
JPG File 2:	20191120-184339_9RW6ZAW3.jpg

EDC Package Includes:

Custom Built Cart

- Industrial grade flat-free tires with brakes for effortless movement through doors, hallways, and across uneven surfaces
- Pivoting wheelbase provides superior turning capabilities
- Shore power cord supplies power to all equipment with one power cord
- Plugs into a standard wall outlet
- Removable door with key lock (optional)

TS-1XT High-Speed NSA Listed Degausser

- Fast: 15 seconds for complete erasure of all data on hard drives and tape
- Extensively tested by the NSA and NSA EPL Listed for the erasure of Top Secret data
- 20,000 gauss completely erases all data on hard drives
- Degauss multiple drives at one time
- Complies with government and industry regulatory standards

TS-4XT 40,000 Gauss Degausser

- Fast: 30 seconds for complete erasure of all data on hard drives and tape
- The most powerful degausser on the market
- Generates a minimum erasure field strength of 30,000 gauss and peaks at 40,000+ gauss (4+ tesla) Degauss multiple drives at one time
- Degauss multiple drives at one time
- Complies with government and industry regulatory standards

NSA Listed PD-5 Hard Drive Destroyer

- 10+ tons of force crushes up to 1,800 2.5" laptop hard drives per hour, 10 per cycle
- Fast 20-second cycle time
- Tested by the NSA and NSA EPL listed for the destruction of hard drives
- Sturdy crush chamber stands up to enterprise use
- Electric driver motor, no messy hydraulics

IRONCLAD Erasure and Destruction Verification

- Tracks and records media serial/asset number, user ID, witness ID, date, time, and location in a password-protected system
- Provides proof media was sanitized by capturing a JPG image of the media immediately after degaussing
- Records the crush depth of the PD-5 physical destroyer
- Documents the destruction of solid-state media when using the SSD-1 solid-state destroyer
- Automatically generates exportable certificates of erasure and destruction for audit and archival purposes
- Provides searchable, verified database of sanitized drives to satisfy auditors

Recommended Options:

SSD-1 Patented Solid-State Destroyer (optional)

90 spikes puncture, perforate, waffle, and demolish individual memory chips on solid-state media, thumb drives, and SSHDs preventing data retrieval.

SPECIFICATIONS	
Certificates/Listings	TS-1XT • PD-5: NSA/CSS Listed • ETL Listed • UL, IEC, CSA, CE, KC and RCM certified • FCC and TAA compliant TS-4XT: ETL Listed • UL, IEC, CSA, CE, KC and RCM certified • FCC and TAA compliant IRONCLAD: ETL Listed • UL, IEC, CSA, CE, KC and RCM certified • FCC and TAA compliant SSD-1: TAA compliant
