In Data Elimination

DATA DESTROYER

PD-4

NSA-Listed Hard Drive Destroyer

PD-4 NSA-Listed Destroyer

The NSA-listed PD-4 physically destroys hard drives by bending, breaking, and mangling the hard drive and its internal components including the data platters. Using a rugged, stainless-steel crushing wedge, the PD-4 bends the data platters, preventing the hard drive from “spinning up” or for the hard disk platters from being removed and placed on a spin stand used in laboratory data recovery techniques. The PD-4 also cracks the hard-drive housing, breaks the PC board, and smashes the read-write heads. Best for use after degaussing, the PD-4 ensures total hard drive destruction.

Secure and Compliant

The PD-4 will help you satisfy the most stringent government and industry standards, including:

- **NSA SDDM 9-12**
- **CCPA** (California Consumer Privacy Act)
- **DoD** Emergency Destruction Guidelines
- **GDPR** (General Data Protection Regulation)
- **GLBA** (Gramm-Leach-Bliley Act)
- **HIPAA** (Health Information Portability and Accountability Act)
- **NIST SP 800-88r1**
- **PCI DSS 3.2** (Payment Card Industry Data Security Standard)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)
- **TAA**

International Standards

Independently tested and certified to meet CE safety, compatibility, and interference standards.

PD-4 Features

- Listed on NSA Evaluated Products List
- 5+ tons of force bends, breaks, and mangles hard drives, including data platters and other internal components, preventing data recover
- Destroys up to 1,440 (2.5 in.) and 240 (3.5 in.) hard drives per hour
- Total destruction in less than 28 seconds
- Crushes multiple drives at a time
- Quiet, office friendly design
- No hydraulics
- CE certified, TAA compliant

Bends, breaks, and mangles hard drives.

SPECIFICATIONS	
Part Number	PD-4 • PD-4E • PD-4HE
Certifications/Listing	NSA/CSS • CE • TAA
Crush Force	5+ tons
Throughput (hard drives per hour)	Up to 1,440 (2.5 in.) Up to 240 (3.5 in.)
Media	Laptop, standard, or network hard drives up to 2.8 in. in height
Power (Factory configurable)	PD-4: 110-130V±5% 50/60Hz PD-4E: 110-130V±5% 50/60Hz PD-4HE: 200-240V±5% 50/60Hz
Power Consumption	During standby: 24W During crush: 1920W (max)
Destruction Chamber Dimensions (HxWxD)	2.8 x 4.5 x 6.3 (in.) 71.1 x 114.3 x 158.8 (mm)
Destruction Chamber Capacity	One full height, two standard height or six laptop hard drives destroyed at one time
Temperature	41°F - 104°F (5°C - 40°C)
Humidity	10%H - 40%H without condensation
Weight	73 lbs. (33kg)
Size (HxWxD)	14.2 x 7.2 x 16.9 (in.) 359.9 x 182.1 x 429.3 (mm)
Warranty	PD-4: One-year manufacturer's limited warranty standard, optional three-year limited warranty available PD-4HE • PD-4E: One-year manufacturer's limited warranty standard
Made in U.S.A.	By Garner Products, Inc.

* Must have all rack mounts and metal casings removed prior to destruction.
